

Taney County Ambulance District

Ordinance 97-01 Ensuring Public Health and Welfare

Chapter 400 – AED (Automated External Defibrillator)

97-01.401 – Health and Safety Standards

PROPOSE: This rule provides the health and safety requirements and standards as related to AED's.

1. All AED's will be registered with Taney County Ambulance District.
2. All AED's should be maintained and serviced according to state and local laws.
3. All public and private entities must follow TCAD's or approved AED protocols for usage.
4. All vendors will be required to notify TCAD upon the sale of any AED's in Taney County.
5. Upon the use of any AED within Taney County, a report must be filed with tCAD within 24 hours of its use.
6. TCAD reserves the right to inspect any AED's within Taney County for the following:
 - a. Proper training of personnel.
 - b. Proper maintenance of unit.
 - c. Proper storage of the unit.
 - d. Up to date electrode patches.
 - e. Medical protocols kept with unit.
7. The Quality Insurance Committee will review all AED usage, during their regular scheduled meetings.
